SMART SYNDICATION

We write and syndicate feature news stories to 2,500+ local and national media outlets, but we will always ensure original critical coverage without destroying your reputation among publications, bloggers, and journalists.

Media placement of your story in local news outlets that consumers read and trust, generating tons of local news clips you can share to excite and inspire your current and potential customers, vendors, employees, sales teams, and more.

An initial and detailed report with links to your story will be provided within days of placement. If this expected reach cannot be achieved, we will rewrite and repeat stories produced by us.

Syndicate Content

Our Unique 3-Step Syndication Approach

Our syndication works differently and smartly to avoid multiplication, especially in label content Google duplicates.

FIRST STEP:

Our focus is on publications we own and control

Our first focus is positioning your story on eTurboNews and our publications (in-house syndication). Only once this is successful also in the search world, we go to step TWO

SECOND STEP:

Partner publications

We will create an alternate story with the same essential message and content and push it to relevant contract publications. Travel News Asia, Hindustan Times, selected TTG publications, and Business Travel are some of our partners. There will never be a duplication penalty, so your story is unique and prominent on all partner platforms, also for the search engines (Google)

THIRD STEP:

News Aggregators and Wire Services

Only after your story has been prominently positioned twice will we work on creating a third version to include selected mass aggregators with a proven track record, such as EIN, Business Wire, US News, and Cision, among others.

This will get your third independent version of your story on some of the most known name brands in media, such as AP, Yahoo Finance, NBC, and many more.

It will also generate the glossy reports companies such as EIN or PR Newswire are famous for.

Our focus is on helping you keep ownership of your story and not destroy your reputation with mass content that a serious journalist would never look at.

Not quantity but quality

We work with the best in PR and media contacts established over the last 25 years to introduce your story to the most relevant and significant publications for inclusion, interviews, and consideration. This is done by a team of experts in this field, not mass emailing or electronic pitches. The key here is not quantity but quality and your footprint in the public domain. This approach is a mix of consulting and outreach.

This option is only available for pre-screened clients and relevant news that could make an impact. It's not for mass production but for quality exclusive news pitches.
